RWJPE Privacy Office Contact • 732-369-5957 • compliance@rwjpe.com

RWJPE also participates in an electronic health information exchange network called "Jersey Health Connect", and this HIPAA Notice describes how authorized health care providers, including with RWJPE may use and disclose your Protected Health Information electronically through Jersey Health Connect. Our receptionist will provide you with an informational brochure about Jersey Health Connect, and you can get additional information on the Jersey Health Connect by visiting <http://www.jerseyhealthconnect.org/>.

In addition, unless you "Opt-Out" any authorized health care provider who agrees to participate with Jersey Health Connect can also electronically access and use your Protected Health Information if needed to provide treatment to you. For instance, if you receive a blood test from one provider participating with Jersey Health Connect but then are treated by a different provider in the Jersey Health Connect network, both of your treating providers can share your test result electronically through the secure Jersey Health Connect network, as long as they are otherwise authorized to do so. On the other hand, if you Opt-Out of Jersey Health Connect, your Protected Health Information will continue to be used, accessed and released as needed to provide treatment to you, but will not be made electronically available for such purpose through Jersey Health Connect.

Health Information Exchange (HIE)—RWJPE and other health care providers participate with Jersey Health Connect that allows patient information to be shared electronically through a secure connected network. Jersey Health Connect gives your health care providers who participate in the Jersey Health Connect network immediate electronic access to your pertinent medical information necessary for treatment, payment and certain health care operations. If you do not Opt-Out of Jersey Health Connect, your information will be available through the Jersey Health Connect network to your authorized participating providers in accordance with this Notice of Privacy Practices and the law. If you *do* Opt-Out of Jersey Health Connect, your Protected Health Information will continue to be used in accordance with our HIPAA Notice and the law, but will not be made electronically available through Jersey Health Connect.

With regard to Jersey Health Connect only, if you do not wish to allow otherwise authorized doctors, nurses and other clinicians involved in your care to electronically share your Protected Health Information with one another through Jersey Health Connect as explained in this HIPAA Notice, you can complete, sign and submit the Jersey Health Connect Opt-Out form as instructed on that form, and any Opt-Out selection that you make will be honored. The Jersey Health Connect Opt-Out form can be obtained directly from any of your providers participating in Jersey Health Connect. If you Opt-Out of Jersey Health Connect, this will prevent your information from being shared electronically through the Jersey Health Connect network, however it will not impact how your information is otherwise *typically* accessed and released in accordance with our HIPAA Notice and the law.
